

K-Love radio station serves me as a resident of the local community by providing me with information on events in my area and weather information. K-Love also provides the only appropriate station in my area with regards to music content and subject matter discussed on the air.

If K-Love were to be displaced by an LPFM broadcaster providing other programming I think the effect on the local community would be devastating. I rely on K-Love for much of my information, listening pleasure and local happenings as do thousands in my local area.

The service provided by K-Love is in the public interest because it is the only radio station that broadcasts family oriented programming without curse words and obscene content. K-Love is also the only radio station that continuously provides updates on local events that I am interested in.
